SUMMARY

Software engineer with nearly 5 years of experience building AI-powered products, full-stack web platforms, and consumer mobile apps. At BuildShip, shipped 20+ production AI workflow templates used by thousands of no-code developers. Strong founding-engineer background with end-to-end ownership across React, Next.js, and React Native, from architecture to deployment. Built and launched independent Play Store apps in fast-moving startup environments.

WORK EXPERIENCE

Software Engineer - Freelance & Independent Projects *Nov 2025 - Present*

- Delivered a full-stack React MVP end-to-end for a US-based startup in a 2-month engagement, taking the product from requirements to production deployment
- Independently building and shipping consumer mobile apps - [JaapMitra](#), a spiritual utility app live on Google Play Store with offline-first architecture and IAP integration, and currently building another App.

Software Engineer (Contract) - BuildShip *Apr 2025 - Nov 2025*

- Engineered 20+ production-ready AI workflow templates integrating Gmail, Google Calendar, and Linear, used by thousands of no-code developers
- Migrated platform from Rowy to BuildShip tables, implementing automatic "Bring Your Own Firebase" setup that eliminated manual configuration for all migrating users

Full-Stack Engineer - EXPRIA *Sep 2022 - Dec 2024 (Full-time + Consulting)*

- Architected and delivered the complete Norg.ai chatbot dashboard from scratch using TypeScript and React, enabling self-serve AI model training for users
- Shipped 3+ production-grade Next.js/React applications including [automatictechnology.com](#), collaborating directly with clients on requirements, timelines, and delivery
- Diagnosed and resolved critical bugs in legacy client codebases, improving performance and preventing production-impacting failures

Frontend Engineer - Intellemo *Mar 2022 - Sep 2022*

- Migrated company website to Next.js SSR architecture, boosting SEO visibility by 3x and driving a significant increase in organic traffic within a month of launch
- Resolved critical bugs in the Konva.js design editor, improving rendering performance for core product workflows
- Awarded *Hero of the Month* for shipping the form builder 2 weeks ahead of schedule with zero post-launch incidents

Founding Engineer - Mobilicis / Mobiru India *Aug 2020 - Feb 2022*

- Built a mobile price-comparison platform entirely from scratch as the sole founding engineer (React + Django), taking the product from idea to live deployment
- Engineered custom scrapers to extract real-time pricing data from 10+ dynamic e-commerce platforms, powering accurate and up-to-date comparisons
- Co-launched MVP trade-in platform [oruphones.com](#), which processed 1,000+ smartphone valuations in its first operational phase

PROJECTS

JaapMitra — Digital Mala Counter for Daily Naam Jaap

[Website](#) [Play Store](#)

Offline-first spiritual counter app for daily mantra and naam jaap practice. Features volume button counting, custom malas, streaks, smart reminders, and Google Play IAP. Built solo with React Native, Expo, and SQLite.

ByteEat — Smart Restaurant Management Platform

[Live Demo](#) [GitHub](#)

End-to-end digital ordering solution enabling restaurants to create custom QR code menus with real-time order management. Built with Next.js 14, TypeScript, MongoDB, and Prisma. Led product, design, and engineering as a solo founder.

EDUCATION

Diploma in Computer Science Engineering (2017 – 2020)

Mehr Chand Polytechnic College, Jalandhar, Punjab

Bachelor of Science in Information Technology (2025 – 2027)

DIPS Institute of Management & Technology, Jalandhar

Lateral entry based on prior Diploma and professional experience

SKILLS

Core	React, Next.js, TypeScript, React Native, Node.js
Backend & Infrastructure	FastAPI, Django, PostgreSQL, MongoDB, Firebase, Docker, AWS
AI & Product	LLMs, RAG, AI agents, workflow automation

ADDITIONAL INFORMATION

Entrepreneurship	Founded ByteEat.in and Quire.in; end-to-end ownership of product, marketing, and team
Languages	English (Fluent), Hindi (Native)
